FEBIN THOMAS M

To whomsoever it may concern,

I am submitting the enclosed resume for consideration of a career opportunity, at your organization, that will aid me develop both my software and interpersonal skills as I contribute to the firm's growth.

I have been working as an Associate Consultant at Kaar Technologies, Chennai since June, 2018. I completed my B. Tech in IT from LICET (affiliated to Anna University), Chennai in April, 2018 and graduated as the 'Student of the Year' owing to excellence in academic, co-curricular and extra-curricular activities. In the professional sphere, I have an esteemed experience of working with Angular, Node, MySQL, Redis, MongoDB, Handlebars and UI5 and also with managing small teams that worked with the above and also with languages such as ABAP and Java. Further, I have supported DevOps activities using AWS, Docker and Jenkins. I have received the 'Star of the Month' award, four times, in recognition of my splendid efforts at Kaar Technologies. Besides my professional contributions, I also have personal software development experiences such as being an independent Android Developer who has worked with Java, XML and PHP and has a triplet of Android Apps titled FebBook, FebWeather and Feb published on Google Play Store and Amazon App Store, and also working on IoT based projects. As a passionate software developer, I believe that my strong development skills will make me an ideal candidate for a role at your organization. Besides, my esteemed interpersonal skills and dynamic nature will help me quickly adapt to the working ambiance of your organization and thereby achieve the objectives that are expected of me.

I hereby acknowledge that all the information furnished above are true to the best of my knowledge and hope to hear back from you in this regard.

Yours sincerely,

Febin Thomas M
